Inclusion in event emails, reaching 20,000+ supporters  
Invitation to reception in Washington, DC

OCEAN  
Awards  
GALA

2021

At the National Marine Sanctuary Foundation, we invite people with a stake in the health of their planet to work with us to protect their place in it. Our work on behalf of America's protected waters extends from the ocean floor to Capitol Hill. We seek to connect people to their ocean, coasts, and Great Lakes, inspiring their stewardship and a lifelong devotion to their care and protection. Proceeds from this event will help fund programs and projects that benefit our global community. Together, we will save more whales, restore more coral reefs, create more ocean and Great Lakes champions, and protect more of our most important resource. Many thanks for your support.
